

GORRÁIZ ORGANISED TRIPS

BULLFIGHTS IN NAVARRE. LA RIBERA

We'll start the tour by visiting some desert-like scenery that is unique in Europe: The Bardenas Reales. Declared a Biosphere Reserved by UNESCO. The erosion of its clay, gypsum and sandstone soils have given shape to an inhospitable landscape, dotted with ravines, mesetas and ridges. Later on, we can get a closer look at the bull-fighting tradition in Navarre, and enjoy an amateur bull fight and experience the passion for the world of wild bulls.

YOUR ITINERARY

BULLFIGHTS IN NAVARRE. LA RIBERA

9:30

Departure to La Ribera in **Southern Navarre**, a land blessed by the sun, with fertile market gardens on the banks of the river Ebro, a land whose inhabitants are friendly and outgoing.

10:30

This first stop will allow you to use all your senses to enjoy the stunning desert-like landscape of the **Bardenas Reales of Navarre**.

In this area, the disorderly, violent flows of water on stormy days has eroded whimsical shapes such as **Castildetierra**.

You can also enjoy the striking play of colours of the landscape and discover the origins of transhumance and the life of the shepherds, who will tell you for themselves, that's if we manage to find them in this impressive maze.
